Connecting Hearts.....Connecting Minds...

From the Principal

## Vacation with Values: Lessons that Last

Dear Parents and Students,

A young boy once lost a game to his friends and returned home visibly upset. His grandfather, noticing his frustration, quietly handed him two jars - one filled with marbles and the other with seeds.

“The marbles are fun and quick,” he said gently, “but they don’t change. The seeds, on the other hand, need time, care, and patience -but one day, they’ll grow into something beautiful.”

The boy thought for a moment and then reached for the seeds.

As we step into the summer break, this story serves as a gentle reminder that the most valuable growth often happens quietly, in moments of reflection, exploration, and connection. Summer is a gift, not just for rest, but for planting seeds that shape who our children become.

This time away from the structured school environment offers a wonderful opportunity for children to discover themselves in new ways. Encourage them to learn something new -a skill, a craft, a language, or simply how to be a better listener, a patient sibling, or a thoughtful friend.

It’s also a season for deepening family bonds. Whether it’s through travel, storytelling, shared meals, or even household chores, these everyday moments

become powerful classrooms for developing empathy, communication, and cooperation. Conversations around the dinner table can teach more about values and emotional intelligence than a textbook ever could.

Let's also gently guide our children to reflect on their emotions, resolve small conflicts with maturity, and express themselves clearly and respectfully. These skills, often called "soft" are in fact vital building blocks for strong character and future readiness.

This summer, let's nurture not just minds, but hearts. Let's help our children plant the seeds of confidence, kindness, and resilience - knowing they will one day bloom into thoughtful, capable, and compassionate individuals.

*"A child who is heard, trusted, and loved today, will lead with empathy, strength, and vision tomorrow."*

Wishing you all a joyful, enriching and heartwarming summer.

Love & Regards  
Dr. Sheela Menon  
Principal

# Highlights of the Month

## MATHLETICS 2025

## KINDER QUEST 2025

HIGHLIGHTS OF THE MONTH

## MATHLETICS 2025

“Mathematics is the art of giving the same name to different things, where logic sharpens the mind and beauty shapes the soul.” – Henri Poincaré

Ambassador School, Dubai, hosted Mathletics 2025 on 24th May bringing together students from over eight schools across the UAE for a dynamic interschool mathematics competition. The event celebrated math's creativity, logic, and innovation through five engaging categories: Math Coders, Math Excelerators, Mathonators, Math Drama Dash & Math Rap Fusion

The competition culminated in a victory for Ambassador School, Dubai, with Abu Dhabi Indian School securing the Runners-up position. Participants were awarded trophies, medals, and certificates in recognition of their outstanding efforts.

More than just a contest, Mathletics 2025 was a celebration of the power, beauty, and joy of mathematics.

HIGHLIGHTS OF THE MONTH

## KINDER QUEST 2025

Kinder Quest 2025 - An Interschool Hub for Young Minds! 🔍🌟

Hosted at Ambassador School, Kindergarten campus. What an inspiring day it was as kindergarteners from schools across the UAE came together for Kinder Quest 2025 - a vibrant interschool event designed to ignite imagination, collaboration, and a love for learning! ✨

Our young learners enthusiastically took on thoughtfully curated activities. From building language skills to exploring artistic flair and thinking creatively, each station was a joyful celebration of curiosity and courage. 🌈🌟

A heartfelt thanks to all the participating schools for joining us in making Kinder Quest 2025 a resounding success! Together, we continue to nurture confident, curious, and creative learners. ❤️

**KINDERGARTEN CAMPUS**

Our little learners came together to celebrate the joyous festival of Eid with hearts full of gratitude, love, and unity. Dressed in festive attire, the children engaged in joyful activities, shared treats, and learned about the values of kindness, togetherness, and giving.

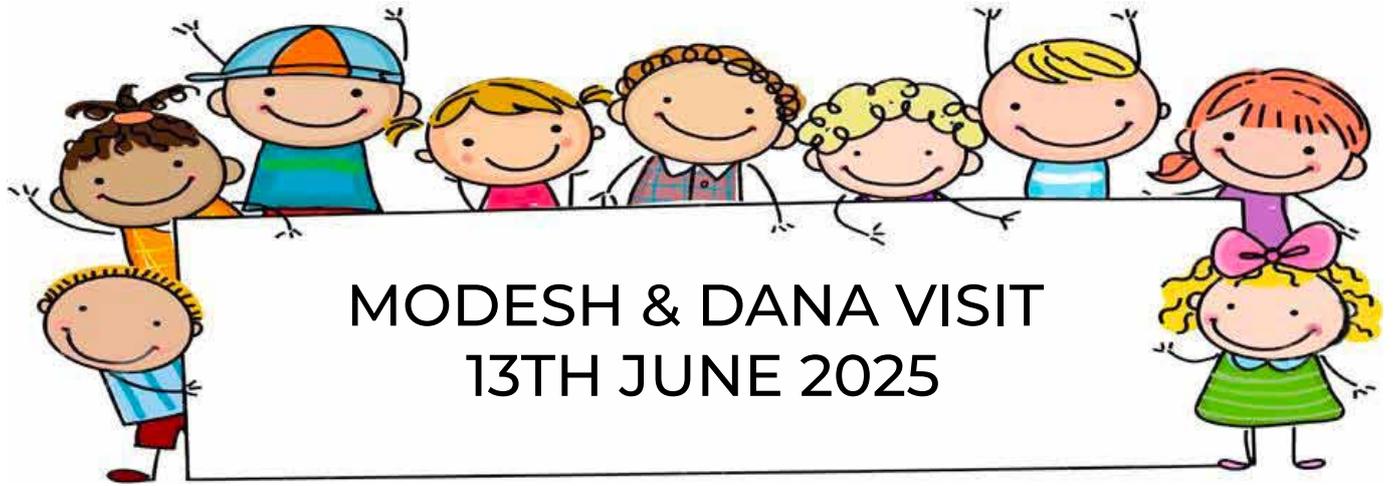

KINDERGARTEN CAMPUS

Our young eco-warriors came together to celebrate World Environment Day with purpose and passion! Through hands-on activities, stories, and songs, our kindergarteners explored the importance of protecting Planet Earth by ending plastic and embracing sustainable habits.

KINDERGARTEN CAMPUS

MODESH & DANA VISIT  
13TH JUNE 2025

The joy on our little learners' faces was priceless as they danced, sang, and interacted with their favourite characters. The visit added a touch of magic to our day and created memories that will last a lifetime!

KINDERGARTEN CAMPUS

What an inspiring day it was as kindergarteners from schools across the UAE came together for Kinder Quest 2025 – a vibrant interschool event designed to ignite imagination, collaboration, and a love for learning!.

**KINDERGARTEN CAMPUS**

This Father's Day, we launched into a galaxy of love and laughter with our Astronaut Dads!

Our little stars suited up with their super dads for a day filled with space-themed adventures, bonding games, and cosmic creativity. From building rockets to sharing heartwarming moments, the celebration was truly out of this world!

# Life in the Era of Machines and Robots

LIFE IN THE ERA OF MACHINES  
AND ROBOTS

# INTRODUCTION

We are living in an exciting time where machines and robots are becoming a part of our everyday lives. From voice assistants in our homes to robots that can perform surgeries, the world around us is being transformed by technology. But what does life in this new era really look like?

# HOW ROBOTS ARE CHANGING OUR WORLD

- **1. At Home:** Smart devices like Alexa, Google Home, and robotic vacuum cleaners have made our lives more convenient. They help us turn off lights, remind us of tasks, and even clean the house while we relax.
- **2. In Schools:** Educational robots and AI learning tools make classrooms more interactive. Students can learn coding, science, and even art with the help of robotics kits like LEGO Spike and Arduino.

# HOW ROBOTS ARE CHANGING OUR WORLD

- **3. In Hospitals:** Robots now assist doctors during surgeries, deliver medicine, and help patients recover. AI helps diagnose illnesses faster and more accurately.
- **4. On the Roads:** Self-driving cars are being tested in many countries. These cars use sensors and AI to drive safely without human help.
- **5. At Work:** Factories use robots to build cars and electronics. AI is also used in offices for data analysis, customer service, and even writing!

GRADE : 7A  
AMBASSADOR SCHOOL DUBAI

WORDSMITHS' WALL

## BENEFITS OF ROBOTS

- They make work faster and more accurate
- Help in dangerous jobs (like space missions or deep-sea exploration)
- Assist people with disabilities
- Save time and effort in daily life

# CHALLENGES AND CONCERNS

- Some people fear robots may take away jobs
- Privacy concerns when using AI at home
- Need for rules and ethics when creating intelligent machines

# THE FUTURE AHEAD

As we look ahead, robots will likely become more intelligent, more helpful, and even more human-like.

But the most important thing is that humans and machines work together.

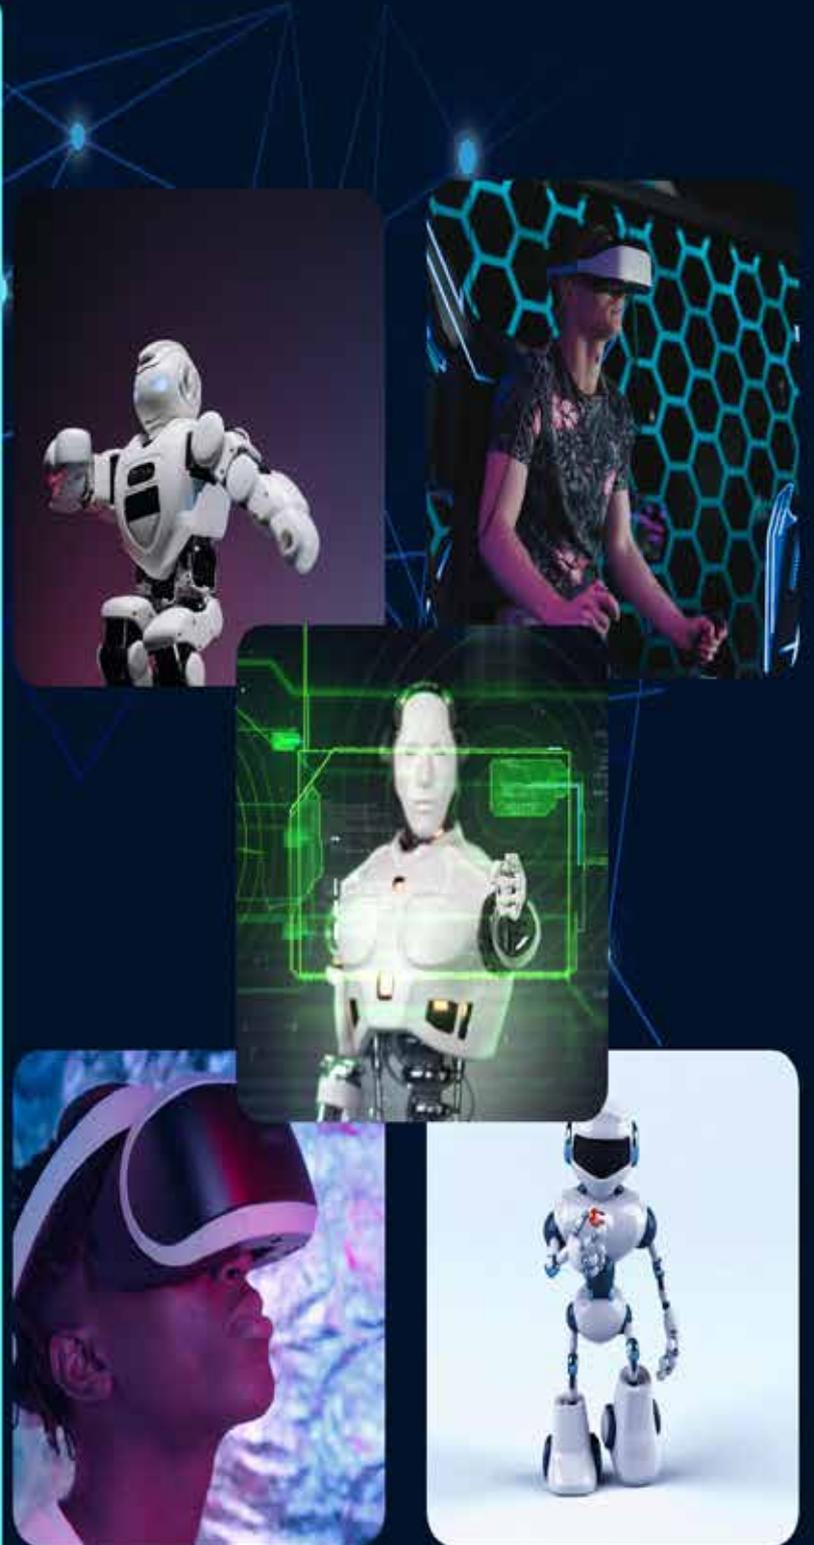

If used wisely, machines and robots can solve global problems and improve the quality of life for everyone.

WORDSMITHS' WALL

# FUN FACT

Did you know that there are robot pets that can learn your voice and emotions? They're already being used in schools and hospitals to comfort children and the elderly!

# FINAL THOUGHT

LIFE IN THE ERA OF  
MACHINES AND ROBOTS  
IS JUST BEGINNING. WITH  
CURIOSITY, CREATIVITY,  
AND CARE, WE CAN  
MAKE SURE THIS ERA IS  
ONE OF LEARNING,  
DISCOVERY, AND  
PROGRESS.

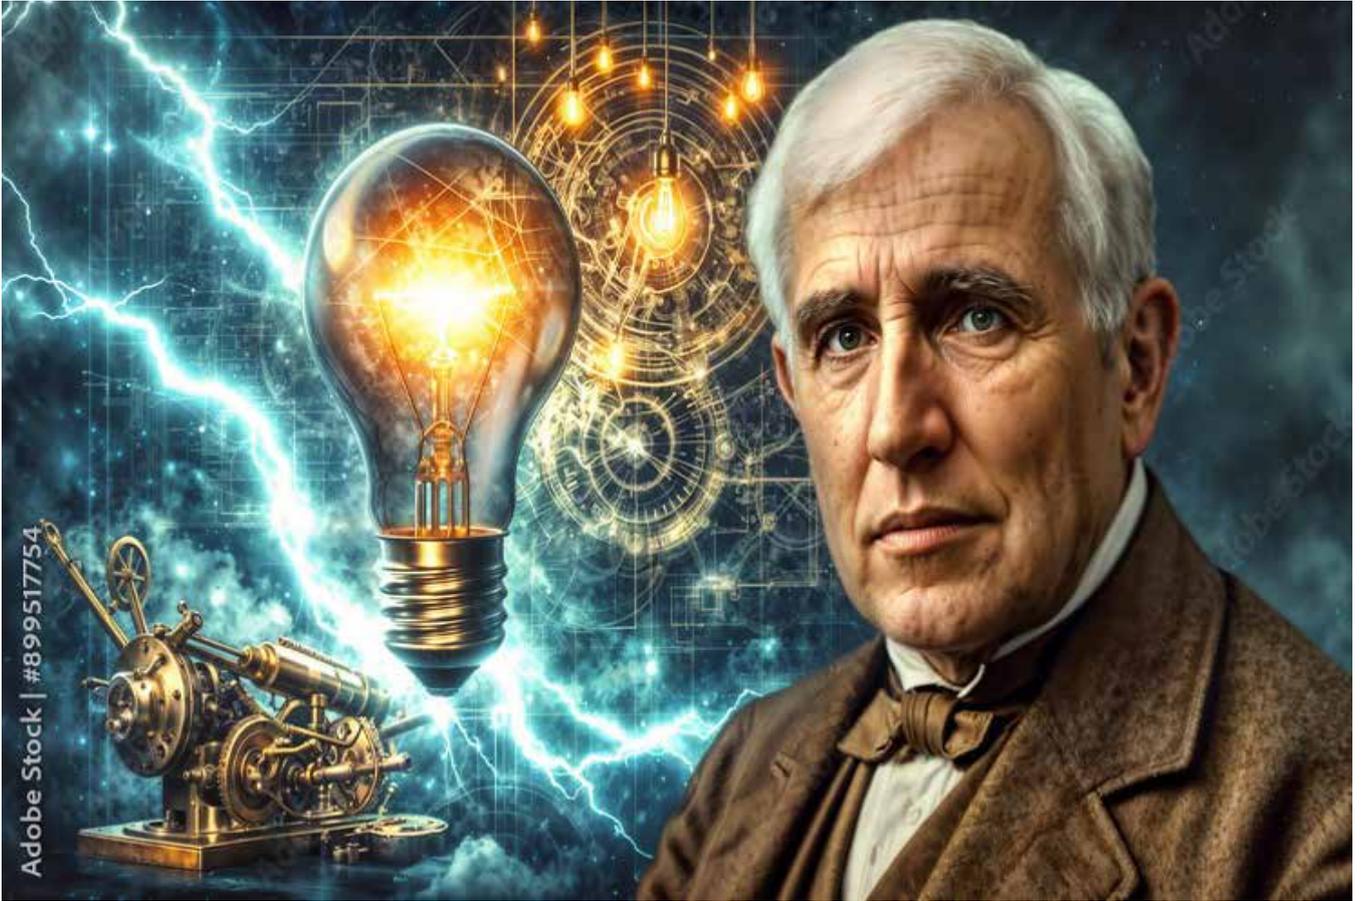

## THE CENTURY'S GREATEST INVENTORS

Welcome to our magazine! From flying machines to phones in our pockets, this edition celebrates those who made our world what it is today.

**Class 7B Magazine – May 2025**

## THOMAS EDISON

- **Invention: Light Bulb**
- **Fun Fact: Edison held over 1,000 patents!**

## MARIE CURIE

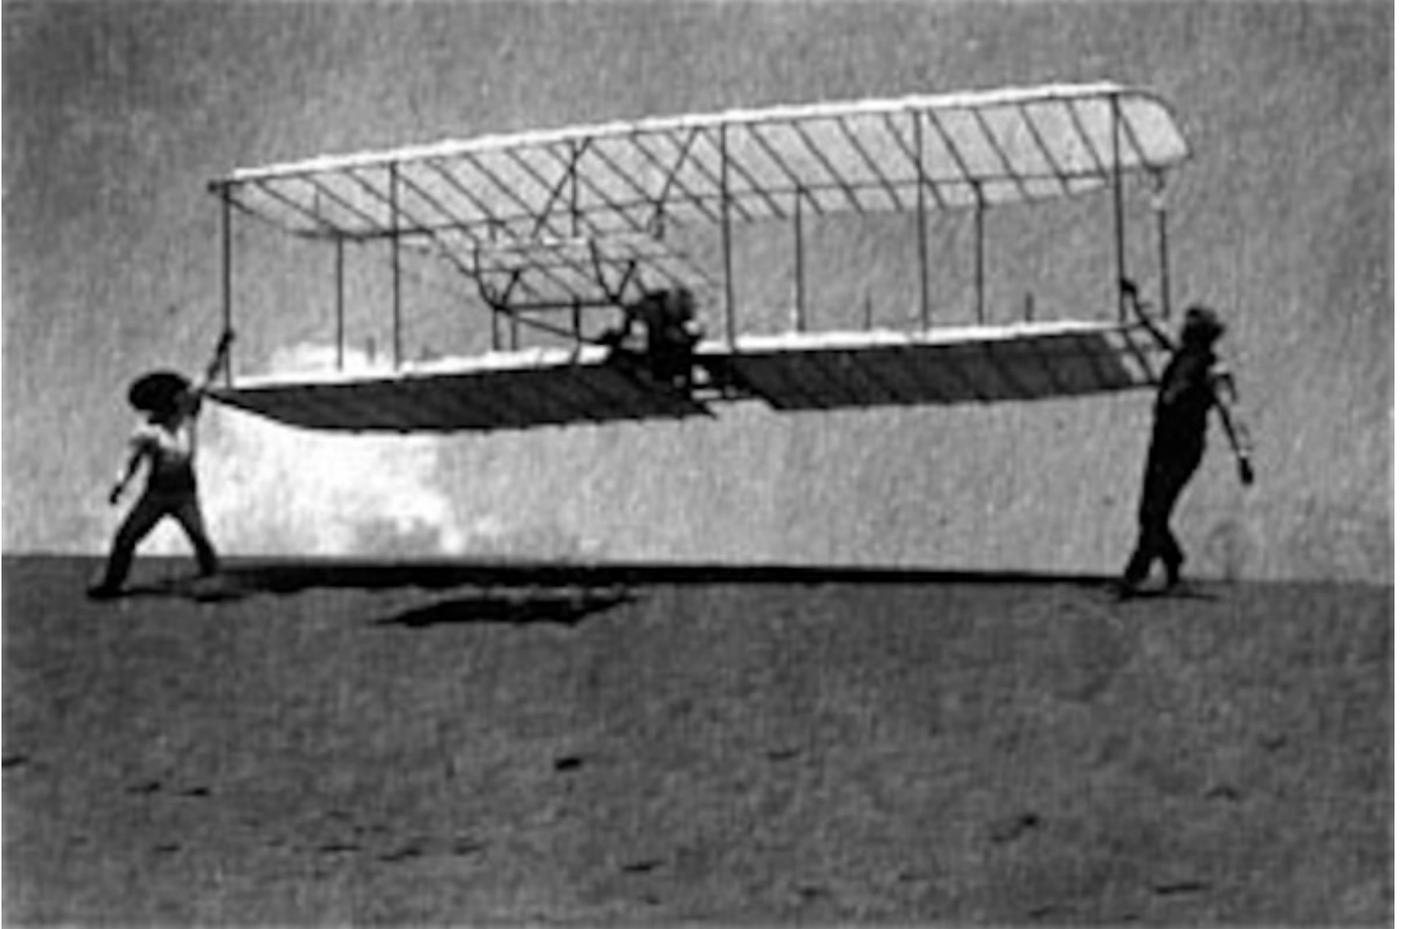

- **Invention: Radium and Polonium**
- **Achievement: First woman to win a Nobel Prize (twice!)**

## NIKOLA TESLA

- **Invention: Alternating Current (AC)**
- **Fun Fact: Envisioned wireless energy 100+ years ago**

## WRIGHT BROTHERS

- **Invention: Airplane**
- **Legacy: First flight in 1903, lasted 12 seconds**

.

## STEVE JOBS

- **Invention: iPhone, iMac**
- **Innovation: Merged art with technology**

.

## POEM - THE INVENTOR'S SPARK

### The inventors spark

In labs, sheds and dusty rooms,  
they dreamed beneath the glowing moon.

A flash of thought, a light, a spark,  
and lit the word out of the dark.

From wheels to wings from cords to screen,  
they built what once had never been.

So here's to minds that dared to see,  
the world is not as it is but could it be....

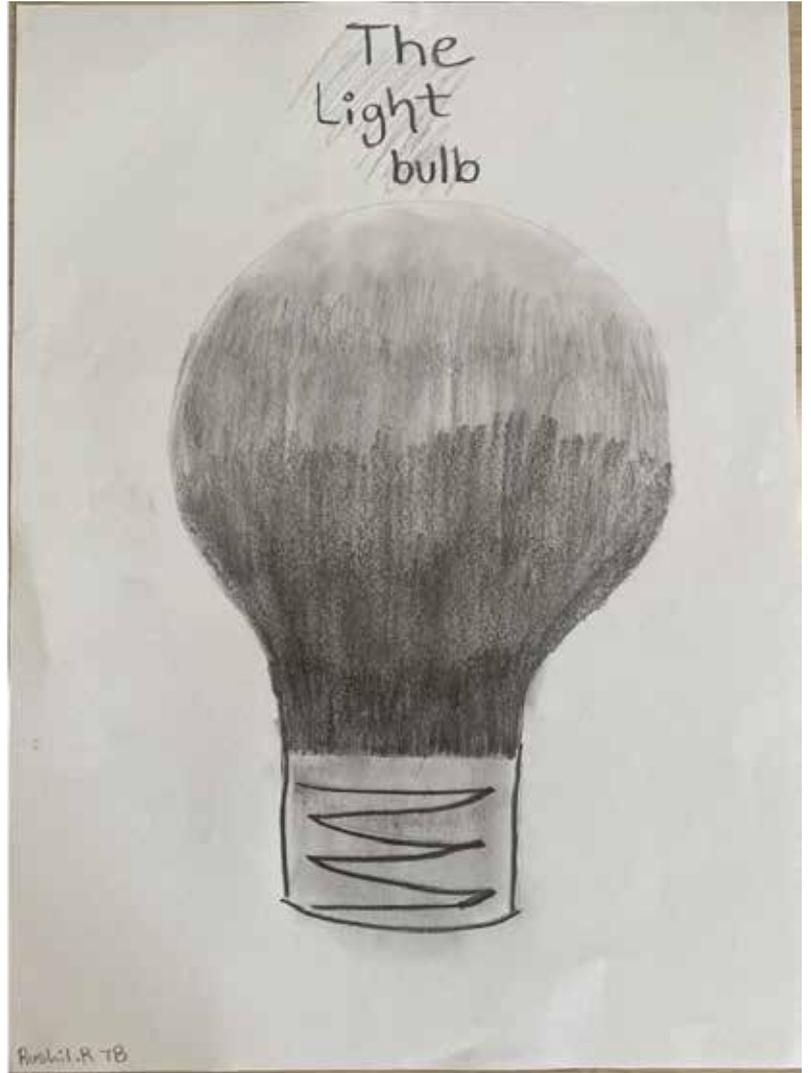

~kerisha  
parikh 7B

WORDSMITHS' WALL

**Creation is the Child of Necessity**

**When life gets tough and hope feels small,  
We rise once more, we stand up tall.  
In every struggle, sparks take flight—  
New dreams are born, we chase the light.  
"They say that need gives birth to creation,"  
A quiet guide, a true foundation.  
From hunger's ache, we found the flame,  
And rolling wheels from burdens came.  
To bridge the gaps, the phone was made,  
And every day, new tools cascade.  
When troubles come, we don't retreat—  
We build, we rise, we won't accept defeat.**

**Parneeka Padvi 1C**

# EMPOWERING IDENTITIES

## IS A CHILD A BRAND?

In an era defined by identity, image, and individuality, where branding was once limited to products and corporations, it now extends deeply into personal identity and for children growing up in the digital age, where self-expression begins early and visibility is often global, the concept of a child being a brand is not only applicable but unavoidable.

If we are to define a brand by the perception people have of a company, product, or individual and covers identity, values and purpose, experience and reputation i.e. covering the total of experiences and feelings associated with a brand, it brings to the forefront that a child must be considered to be a brand since a child, forms a unique identity with a distinct blend of personality, values, behaviours and aspirations that reflects the true nature of the child.

As parents and educators, we are responsible in ensuring that the environment that we bring up a child is transformational and supports in blending a truly unique individual with positive temperament, unbridled curiosity, and potential. As a child develops and grows, this environment coupled with family values, experiences, and education shape who they are and resonate in how they interact with others, how they handle challenges and hone their passions and skills which is the cornerstone & foundation of establishing their personal brand.

It used to be unfathomable in recent past to even consider how much the digital era has transformed daily lives and the dependence on technology that is part and parcel of today's children who are naturally digital natives. As parents & educators, little do we realize that we have already created a digital presence of the child from the very first moment through the experiences, photos and anecdotes shared on the plethora of social media platforms and even by sharing with family and friends.

Little do we realise but as the child grows older, through social media, school projects, or extracurricular activities, children create impressions, forming perceptions, and build their own "brand image" that influences how they are perceived by peers, teachers, and even future employers and this where we need to be aware, prudent and contributing to digital footprint that in today's world is part of the child's brand story. But we as parents and educators need to instil the sense of responsibility, integrity and accountability into the child to set them on a path of authenticity, consistency & values that support them while they learn, grow, develop and more importantly adapt & evolve to overcome the challenges that they will face day in & day out.

PARENTS' PANORAMA

We need to focus on a child's strengths, encouraging their interests, and guiding them through challenges while helping the children craft a positive, resilient brand identity by not pressuring them to conform to societal expectations or comparison but allowing them to stand out and be recognized for what they genuinely enjoy and excel in. By helping children recognize and shape their brand with purpose and authenticity, we empower them to walk confidently in a world where identity is both personal and public and their strong, positive personal brand identity resonates with self-awareness, integrity, and a commitment to being the best version of oneself.

At home, in school or anywhere else, a child's personal brand is the essence of who they are right from their voice, character, strengths, every interaction, assignment and activity which contributes to this identity which they display right from the very beginning and that is what needs to be supported and developed. Children must not be in fear of judgment or comparison, but instead they must be encouraged through self-expression & critical thinking.

Our responsibility is not to shape children into who we think they should be, but to help them become more fully who they already are. This requires listening, observing, and offering guidance rather than control. We need to help them in refining their voices, build resilience and support them in learning how to express themselves with clarity and confidence.

A child is a brand—an identity in progress, shaped by experiences, choices, and the people around them.

As parents & educators, we hold the privilege, responsibility & accountability of being part of this journey by nurturing individuality, modelling integrity, and teaching self-awareness through which each child is able build a personal brand that is authentic, strong, and future-ready.

## We empower identities!!!

**Ward / Father of: Rachel Ann Ipe, Grade 12A**  
**Authored by : Sanjeev Ipe**

CELEBRATIONS GALORE

# FATHER'S DAY CELEBRATION

The morning began for Grade 1 with a touching surprise as special video tribute that brought smiles, happy tears, and proud expressions on every visiting father's face. The celebration continued with a series of fun-filled games where the fathers participated enthusiastically, showing their playful side and creating priceless memories with their little ones.

Grade 2 students made a handmade greeting card for their fathers. These cards, filled with personal messages and colorful creativity, reflected the deep bond and admiration shared between father and their children.

One of the highlights of the day's celebration for Grade 1 students' was Daddy's Nutritious Kitchen, an initiative that had our super dads donning aprons and preparing healthy breakfasts for their children. It was a beautiful sight to see the fathers putting love into every bite, reinforcing the importance of healthy eating and quality time. A similar activity by fathers of Grade 2 students popularly called Cooking without Fire, got our students delicious sandwiches, fruit salads, and mocktails.

The celebration ended on a high note on appreciations from the children for the respective fathers, an emotional moment that recognized their unconditional love, support, and everyday heroism. It was truly a celebration of love, gratitude, and the special bond shared between a father and child.

## INTERNATIONAL YOGA DAY

Students & staff came together to celebrate International Yoga Day, in tune with the Summer Solstice which falls on 21st June. Under the theme of One World-One Health, students were found embracing the energy of the Solstice Sun with mindful movement and peaceful stillness. Through serene meditations and classic yoga postures, our students discovered the joy of balance, the importance of breathing, and finding inner strength. Thus pairing with the geographical phenomenon, our students harmonized with the solar energy in every nook and corner of our schools, in groups, in pair and as solo yoga performers. The day was indeed marked with positive flow of energy spreading across ASD campus!

## THE TECH CONNECT 3.0

The Tech Connect 3.0 event was hosted at JSS International School, bringing together young tech enthusiasts from across the region. Ten schools participated in the Group 2 - Scratch Coding Challenge, where students showcased their creativity and coding skills through innovative projects.

We are proud to share that ASD's Grade 7 student, Sai Suhanth Varnajyosula, secured the 2nd Runner-Up trophy in the Game Creation using Scratch Coding category. Congratulations to Sai Suhanth on this remarkable achievement and for making the school proud!

## ECO ART AWARD

ECO ART AWARD: Congratulations Anshi Binu!

“Art is unquestionably one of the purest and highest elements in human happiness. It trains the mind through the eye, and the eye through the mind. ....” John Lubbock

Anshi Binu of Grade 9 spoke her mind with colours and strokes as she presented her art work on the theme of Recycling and Sustainability for the Eco Art Competition. The organizers BIC Middle East awarded the Second Prize to our budding artist. Anshi’s creation could amaze the judges along with the message that she expressed on a very pertinent theme of Sustainability. ASD is proud of Anshi as her art work was a chosen piece to print on the T-shirts. We congratulate Anshi and encourage all our young artists to come forward and be courageous to use Art as a medium to convey pertinent messages to the world.

## EXCEPTIONAL PERFORMANCE

We are delighted to share that Vivaan Vaibhav Gohil of Grade 7A delivered an exceptional performance at the Inter Dojo Karate Competition held on 22nd June 2025, which saw participation from over 200 students.

Competing in the Black Belt category, Vivaan showcased outstanding skill and determination, earning the following accolades:

- Gold Medal – Kata
- Gold Medal – Kumite
- 🏆 Champion of Champions Trophy

Congratulations to Vivaan on this remarkable achievement!

His dedication, discipline, and excellence in martial arts are truly inspiring and reflect the values we uphold at Ambassador School.

## THE AL MANAR AWARD

It is with great pride, we congratulate Mr. Sabir Ali, Head of Department for Islamic Studies for an amazing achievement he received very recently. The Al Manar Award is organized by Al Manar Islamic Center, Dubai, in recognition of exemplary and unwavering service and dedication of teachers, in nurturing students and promoting Islamic education in the UAE.

Mr Sabir was one of the recipient of this prestigious award for 2025, conferred to him by The Grand Mufti of Islamic Activities and Charitable Affairs (Awqaf-Dubai), Sheikh Iyadah Al Kubaisi.

The monumental ceremony was hosted by Al Manar Islamic Center at Flora Inn Hotel, Dubai, on 31 May 2025, where a select group of Heads of Islamic Education Departments from Dubai, Sharjah, and Ajman were honored for their contributions. This stellar event and our own recipient indeed made ASD achieve a special recognition in deepening Islamic Education among the students.

# Well-being Calender June 2025

## Week 1: Confidence

- 1  
Draw yourself as a superhero
- 2  
Share a happy memory of an achievement with a friend
- 3  
Ask a friend what they think makes you as positive person
- 4  
Write down 3 ways you could make a difference to the world
- 5  
List 3 people you think are confident and why
- 6  
Write a note to your future self and tell them how amazing they are
- 7  
Remember to smile if you look in the mirror

## Week 2: Communication

- 8  
Make a plan to do something nice with your family tonight
- 9  
Say something positive to everyone you meet today
- 10  
Step outside and listen. What communication in nature can you hear?
- 11  
Spread kindness by reminding someone of their strengths
- 12  
Learn to say thank you in 4 different languages
- 13  
Read a poem out loud
- 14  
Take 5 minutes to be silent

## Week 3: Resilience

- 15  
List 3 things you want to do this week which will make you feel happy
- 16  
Dance to as many songs as you can until you are tired
- 17  
Stretch your arms and legs as far as possible
- 18  
Take 5 deep breaths
- 19  
Remember a time you overcame with a challenge in a positive way
- 20  
Think of 3 people who you could talk to if you were finding something difficult
- 21  
Be thankful for a small thing in life

## Week 4: Self awareness

- 22  
Use one of your strengths to do something positive today
- 23  
Discover your creative side - draw a thank you card for someone
- 24  
Write down 3 things you are grateful for that
- 25  
Ask somebody what they think your greatest strength is
- 26  
Find a positive response to something you are worried about
- 27  
Note down 3 things you are feeling right now
- 28  
Write down a quick positive action you can take everyday

## Week 5: Self awareness

- 29  
Send a positive letter or message to a family member or friend
- 30  
List all the positive things that have happened this month
